**METRO ONE RENEWS CONTRACT WITH MIDWEST WIRELESS**

PORTLAND, Oregon – June 13, 2006 – Metro One Telecommunications, Inc. (Nasdaq: INFO), a developer and provider of Enhanced Directory Assistance® (“EDA”) and other enhanced telecom services, today announced that it has renewed a multi-year contract to continue to provide EDA and other services to subscribers of Midwest Wireless.

Midwest Wireless' current service area encompasses 85 counties of Minnesota, Iowa, and Wisconsin, with more than 440,000 subscribers. Customers reach the EDA service by dialing 411 on their wireless phones. Customers have access to Metro One's highly accurate listings data and can be connected with up to five numbers during a single call. In addition to telephone listings data, customers can also obtain movie listings, make restaurant reservations, get driving directions and more.

“We are very happy to continue providing our service to an excellent partner like Midwest,” said Gary Henry, President and Chief Executive Officer of Metro One Telecommunications. “We have had a great relationship with Midwest for many years and look forward to continuing to help them achieve their business objectives.”

“We are pleased to be able to continue to offer this convenient service to our customers that goes well beyond tradition 411 services. We're proud to have educated, friendly operators represent us as the voice of Midwest Wireless when our customers call 411,” said Mark Jacoby, Product Manager. “With a commitment to excellence and dedicated account management team, Metro One really works with us and is always responsive to our needs.”
