METRO ONE RENEWS CONTRACT WITH SUNCOM WIRELESS

PORTLAND, Oregon – August 9, 2006 – Metro One Telecommunications, Inc. (Nasdaq: INFO), a developer and provider of Enhanced Directory Assistance® (“EDA”) and other enhanced telecom services, today announced that it has renewed a multi-year contract to provide EDA and other services to SunCom Wireless.

“We are very pleased to renew our relationship with this long-time customer and look forward to serving SunCom Wireless and its subscribers for several more years,” said Gary Henry, President and Chief Executive Officer of Metro One. “SunCom has always provided high quality, innovative services to its subscribers and we are delighted to be a part of this service offering. We are proud to have them as a customer and look forward to bringing them continued value in the future.”

“This partnership provides services to our customers that differentiate us from our competitors. Metro One’s operators have consistently provided us the highest quality of service and we look for them to continue to add value to the services SunCom offers to its customers,” said Scott Basham, SunCom Wireless Vice President of Technology.

SunCom Wireless is a leading provider of national and local communications solutions for businesses, large enterprises and carrier customers. SunCom customers reach the EDA service by dialing 411, 555-1212 and other directory assistance numbers from their SunCom voice services. Customers have access to Metro One’s highly accurate listings data in addition to other enhanced features such as: movie listings, restaurant reservations, driving directions and more.
